ADATS 2024

Tuesday 20th August | Perth

715 015	DDEAVEACT WITH AMCI
7:15 - 8:15	BREAKFAST WITH AMSL Welcome Address
8:25 - 8:30	
8:30 - 10:30	Session 1: New therapeutics in diabetes tech
8:30 - 8:50	Transforming how we care
8:50 - 9:10	Virtual Diabetes Emergency Department
9:10 - 9:30	Management of glucose in the hospital setting with Automated Insulin Delivery (AID) systems
9:30 - 9:50	A tubeless automated insulin delivery system - the latest evidence - Dr Lala Leelarathna
9:50 - 10:10	How close are we to closing the loop
10:10 - 10:30	Q&A PANEL DISCUSSION
10:30 - 11:00	Morning Tea with our Sponsors
11:00 - 12:40	Session 2: CGM Metrics - The New Standard
11:00 - 11:20	Beyond HbA1c: the role of Continuous Glucose Monitoring (CGM) as a diabetes quality metric & the hype of Time in Tight Range
11:20 - 11:40	How to read a download in 60 seconds - Prof Pratik Choudhary
11:40 - 12:00	Smart insulin pen integration with the Ambulatory Glucose Profile (AGP) case studies - Prof Pratik Choudhary
12:00 - 12:20	Evolving Trends in the Landscape of CGM Metrics to aid diabetes management - Prof Robert Ritzel
12:20 - 12:40	Q&A PANEL DISCUSSION
12:40 - 1:30	Lunch with our Sponsors
12:40 - 1:30 1:30 - 3:10	Lunch with our Sponsors Session 3: Priority Populations and Technology
1:30 - 3:10	Session 3: Priority Populations and Technology
1:30 - 3:10 1:30 - 1:50	Session 3: Priority Populations and Technology Technology-supported behaviour intervention in type 2 diabetes in primary care Session to be confirmed
1:30 - 3:10 1:30 - 1:50 1:50 - 2:10	Session 3: Priority Populations and Technology Technology-supported behaviour intervention in type 2 diabetes in primary care Session to be confirmed Diabetes Technology and Transition or Equity in type 1 diabetes technology and beyond:
1:30 - 3:10 1:30 - 1:50 1:50 - 2:10 2:10 - 2:30	Session 3: Priority Populations and Technology Technology-supported behaviour intervention in type 2 diabetes in primary care Session to be confirmed Diabetes Technology and Transition or Equity in type 1 diabetes technology and beyond: where are we in 2022?
1:30 - 3:10 1:30 - 1:50 1:50 - 2:10 2:10 - 2:30 2:30 - 2:50	Session 3: Priority Populations and Technology Technology-supported behaviour intervention in type 2 diabetes in primary care Session to be confirmed Diabetes Technology and Transition or Equity in type 1 diabetes technology and beyond: where are we in 2022? Diabetes, Pregnancy and Technology - Prof Helen Murphy
1:30 - 3:10 1:30 - 1:50 1:50 - 2:10 2:10 - 2:30 2:30 - 2:50 2:50 - 3:10	Session 3: Priority Populations and Technology Technology-supported behaviour intervention in type 2 diabetes in primary care Session to be confirmed Diabetes Technology and Transition or Equity in type 1 diabetes technology and beyond: where are we in 2022? Diabetes, Pregnancy and Technology - Prof Helen Murphy Q&A PANEL DISCUSSION
1:30 - 3:10 1:30 - 1:50 1:50 - 2:10 2:10 - 2:30 2:30 - 2:50 2:50 - 3:10	Session 3: Priority Populations and Technology Technology-supported behaviour intervention in type 2 diabetes in primary care Session to be confirmed Diabetes Technology and Transition or Equity in type 1 diabetes technology and beyond: where are we in 2022? Diabetes, Pregnancy and Technology - Prof Helen Murphy Q&A PANEL DISCUSSION Afternoon tea with our Sponsors
1:30 - 3:10 1:30 - 1:50 1:50 - 2:10 2:10 - 2:30 2:30 - 2:50 2:50 - 3:10 3:10 - 3:40 3:40 - 5:25	Session 3: Priority Populations and Technology Technology-supported behaviour intervention in type 2 diabetes in primary care Session to be confirmed Diabetes Technology and Transition or Equity in type 1 diabetes technology and beyond: where are we in 2022? Diabetes, Pregnancy and Technology - Prof Helen Murphy Q&A PANEL DISCUSSION Afternoon tea with our Sponsors Session 4: Keeping it real
1:30 - 3:10 1:30 - 1:50 1:50 - 2:10 2:10 - 2:30 2:30 - 2:50 2:50 - 3:10 3:10 - 3:40 3:40 - 5:25 3:40 - 4:00	Session 3: Priority Populations and Technology Technology-supported behaviour intervention in type 2 diabetes in primary care Session to be confirmed Diabetes Technology and Transition or Equity in type 1 diabetes technology and beyond: where are we in 2022? Diabetes, Pregnancy and Technology - Prof Helen Murphy Q&A PANEL DISCUSSION Afternoon tea with our Sponsors Session 4: Keeping it real The inclusion of quality Patient Reported Outcomes (PRO) assessment in diabetes technology care
1:30 - 3:10 1:30 - 1:50 1:50 - 2:10 2:10 - 2:30 2:30 - 2:50 2:50 - 3:10 3:10 - 3:40 3:40 - 5:25 3:40 - 4:00 4:00 - 4:20	Session 3: Priority Populations and Technology Technology-supported behaviour intervention in type 2 diabetes in primary care Session to be confirmed Diabetes Technology and Transition or Equity in type 1 diabetes technology and beyond: where are we in 2022? Diabetes, Pregnancy and Technology - Prof Helen Murphy Q&A PANEL DISCUSSION Afternoon tea with our Sponsors Session 4: Keeping it real The inclusion of quality Patient Reported Outcomes (PRO) assessment in diabetes technology care Tips and tricks for Healthcare Professionals working with diabetes technology
1:30 - 3:10 1:30 - 1:50 1:50 - 2:10 2:10 - 2:30 2:30 - 2:50 2:50 - 3:10 3:10 - 3:40 3:40 - 5:25 3:40 - 4:00 4:00 - 4:20 4:20 - 4:40	Session 3: Priority Populations and Technology Technology-supported behaviour intervention in type 2 diabetes in primary care Session to be confirmed Diabetes Technology and Transition or Equity in type 1 diabetes technology and beyond: where are we in 2022? Diabetes, Pregnancy and Technology - Prof Helen Murphy Q&A PANEL DISCUSSION Afternoon tea with our Sponsors Session 4: Keeping it real The inclusion of quality Patient Reported Outcomes (PRO) assessment in diabetes technology care Tips and tricks for Healthcare Professionals working with diabetes technology Skin problems caused by diabetes devices & managing these
1:30 - 3:10 1:30 - 1:50 1:50 - 2:10 2:10 - 2:30 2:30 - 2:50 2:50 - 3:10 3:10 - 3:40 3:40 - 5:25 3:40 - 4:00 4:00 - 4:20 4:20 - 4:40 4:40 - 5:00	Session 3: Priority Populations and Technology Technology-supported behaviour intervention in type 2 diabetes in primary care Session to be confirmed Diabetes Technology and Transition or Equity in type 1 diabetes technology and beyond: where are we in 2022? Diabetes, Pregnancy and Technology - Prof Helen Murphy Q&A PANEL DISCUSSION Afternoon tea with our Sponsors Session 4: Keeping it real The inclusion of quality Patient Reported Outcomes (PRO) assessment in diabetes technology care Tips and tricks for Healthcare Professionals working with diabetes technology Skin problems caused by diabetes devices & managing these Models of care for incorporating new technologies in your service
